

Healthy Babies, Happy Moms

HealthyBabiesHappyMoms.com

With over 30 years of experience managing routine to complex pediatric and maternal medical situations, we are uniquely positioned as the provider of choice for private and public health insurers needing lactation support for their subscribers.

Our Mission

Healthy Babies, Happy Moms Inc. is passionate about providing cost effective services that ensure a positive impact on the health of the mothers and babies we care for.

We work closely with physicians and midwives to monitor the health of both mothers and babies and provide the necessary care required by insurers in an excellent manner.

Our expert nurses guide mothers with the information, support, and products they need to be confident in their ability to care for their children, while minimizing stress and fostering success in their breastfeeding goals.

Services & Products

- Management of Statewide WIC and Medicaid Breast Pump Distribution
- Lactation Consults Virtually, in Patients' Home or Our Office
- Infant Home Phototherapy to Prevent Delayed Discharge and/or Hospital Re-admission
- Breast Pump Sales and Rentals
